

Back Panel Heading

Since its inception in 2000, the Student Election Judges Program has been a great success for county elections officials, educators and students who have participated in the program. By 2007 hundreds of Colorado students had participated in the program working hand in hand with adult Election Judges setting up the polling location, processing voters and the tallying the vote. The Student Judge experience has raised the consciousness of the students who participate in the election process and it enables them to earn money for working Election Day. The program also helps ensure that Colorado Election Officials have sufficient Election Judges to serve the needs of the voting public. Ultimately, we hope it motivates these students to become active voters in their communities and election judge resources for future elections.

".....your future hasn't been written yet. No one's has. Your future is whatever you make it. So make it a good one....."
